

# UPLIGHTING

PLAY PRODUCTIONS LLC  
x DJ ARIA

## TRANSFORM ANY VENUE

---

Accent walls and architectural features or colorwash the entire room with uplights to dramatically change the ambiance of your event space. Beautify drab spaces with elegant floor-to-ceiling hues that can only be provided by high quality uplights.

## PROFESSIONAL GRADE

---

Multiple high output LEDs in each uplight ensure a clean, true-to-color visual experience that low-end uplights cannot offer. Built-in glare shields and adjustable housing shine light where needed and nowhere else.

## WIRELESS FREEDOM

---

100% true wireless operation allows for limitless creative expressions of color in any environment. Unsightly cables will not be present in any event photos or videos. No cords also means no tripping hazards for guests and staff.

## CUSTOM COLORS

---

Select any hue you desire from an RGB palette to perfectly match your event colors and theme. Mix and match uplight colors to produce a signature atmosphere.
